Re: Estate of Marilyn Monroe

Dear Hermione:

Enclosed herein are original and two copies of affidavits of Pat Newcomb, May Reis and Mattie Stephenson Ames relating to decedent's residency.

I have submitted a similar affidavit to Ralph Roberts for execution and have recommended that he forward same directly to you and that he contact you if he has any questions with respect thereto.

The affidavits are not identical to the drafts that Aaron showed you for the reason that the affiants, and more particularly Mattie Stephenson Ames, requested certain changes before executing same, which changes were then incorporated therein.

May Reis advises that perhaps Dr. Greenson may be of further assistance with respect to confirmation that decedent's permanent residence was in fact New York, and I accordingly would suggest that you contact him for further corroboration.

Aaron advises that Mr. and Mrs. Strachans would be interested in purchasing the personal property at its appraised value, if at all possible.

Should you require further information with respect to the
matters do not hesitate in communicating with me.

Best regards.

Sincerely yours,

Elliot J.
Lefkowitz
